**Outstanding Service Earns National Award**

*Information Communications Group Wins ATSI Award. of Excellence*

Information Communications Group, of Leawood, KS has been honored with the exclusive 2008 **Award of Excellence** for the **Third consecutive year**. The award is presented annually by the Association of TeleServices International (ATSI), the industry's trade association for providers of telecommunications and call centre services including telephone answering and message delivery. Information Communications Group was presented with the award at ATSI's 2008 Annual Convention held at the Hyatt Regency Hotel, in St. Louis, MO.

After six months of intensive testing, an independent panel of judges scored call-handling skills such as courtesy, response time, accuracy and overall service to their clients, the cornerstones of the call management industry. If a company scored 80% or better in ALL categories, they are presented with the coveted Award of Excellence

"The Award of Excellence is a 'mystery shopper' program that provides independent testing for quality assurance in customer service levels." says ATSI President Allan Fromm. "We congratulate Information Communications Group for their achievements."

Now a three-time winner, Information Communications Group earned the **Silver Award for three consecutive years**. ATSI extends its congratulations to the staff of Information Communications Group on their proven quality service to their customers.

**About ATSI**

The Association of TeleServices International was founded in 1942 as a national trade association representing live answering services. ATSI now encompasses companies across the United States offering specialized and enhanced operator based services including: call centers, contact centers, inbound telemarketing (order entry), paging, voice messaging, emergency dispatch, fax, and internet services among others.
